RE: 2800' Sand  
Gueydan Field  
Vermilion Parish, Louisiana

Honorable Sir:

Application is hereby made for Proton Energy, L.L.C., for the calling of a public hearing, after legal notice, to consider evidence relative to the following matters relating to the 2800' Sand in the Gueydan Field, Vermilion Parish, Louisiana.

To determine that the 2800' Sand has been economically depleted of hydrocarbon.

To allow the applicant to utilize its Alliance Trust Company No. 38D, SN 227723, to inject produced salt water into the 2800' Sand. **The definition of the 2800' Sand is defined as 2866' to 2901'.**

A copy of this application with the attached plat has been sent to all Interested Parties and Interested Owners as shown on the attached list, and to the District Manager of the Lafayette District of the Office of Conservation.

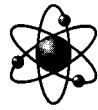

Finally, enclosed is a copy of the check # 007057 already submitted in favor of the Office of Conservation in the amount of \$755.00.

Sincerely,

PROTON ENERGY, L.L.C.
